Live Longer: NEIGHBORHOOD CONVERSATIONS

What is it?
Community Empowerment Association and Pitt Public Health are working together to increase life expectancy in your neighborhood.

How?
We want your voice to be heard so together we can make a change in our community.

Why?
Life expectancy in your neighborhood is a few years shorter than that of other neighborhoods in the city of Pittsburgh, and we have the power to make a change.

We'll be having neighborhood conversations in your community soon!
